

The logo for abimac features the brand name in a bold, blue, sans-serif font. Above the letters 'i' and 'm', there is a stylized graphic consisting of several concentric, swirling blue lines that resemble a comet or a dynamic motion path. A small orange circle is positioned at the top of the central swirl.

ROTARY RAKE

BORELLO[®] 3.5 F-S

Performances for connoisseurs

ROTARY RAKE

BORELLO® 3.5 F - S

The rotary rakes of the BORELLO series 3.5 are reserved to farmers who wish to make perfect fluffy swaths of dry and wet forage. A maintenance-free oil-bath gearbox guarantees an excellent long life.

The BORELLO version 3.5 F with fixed frame is a very stable rake, easy to use even on steep hilly or mountain slopes.

The BORELLO version 3.5 S with steering frame and tandem axle with oxillating bearings and tandem axle supplies the highest stability particularly on ondulated or rough ground.
